BENEFITS of 2 Years Classroom Program

- Time Table is suitable for college going students and working professionals.
- Highly useful for semester and campus recruitment exams.
- Concepts are taught from basic level, hence this programme offers the convenience of managing comprehensive syllabus without compromising the college classes and/or office work schedule.
- This programme will help in better revision and gives more time for planned preparation of competitive exams.
- Flexibility to opt for leaves during semester exams.
- Comprehensive coverage of syllabus supplemented by updated study materials/ books.
