India's Best Institute for IES, GATE & PSUs

New Changes in ESE-2017

- ESE examination will be conducted in 3 stages i.e. Preliminary, Mains and Personality Test.
- Traditional subjects like History, Geography, Life Science, Polity are eliminated and replaced by Engineering Aptitude and engineering related subjects like Engineering Mathematics, Design principles, Quality practices in production and construction, Energy and Environment, Project Management, Networking, e-Governance, Ethics and values in engineering profession etc.
- English is eliminated from General Studies paper.
- 15%-25% change in technical syllabus.
- Preliminary exam may be conducted in Feb and Mains exam may be conducted in Jun/Jul.
- More weighage is given to conventional papers i.e. 600 marks, in previous pattern it was 400 marks.
- Technical Objective paper will be of 300 marks, in previous pattern it was 400 marks.
- Only one technical objective paper will be conducted in preliminary stage, in previous pattern there were 2 papers (paper-1 and paper-2) in objective part.
